Education

Bachelor of Engineering in Computer Science and Engineering

Expected 2026

St. Joseph's Institute of Technology, Chennai, Tamil Nadu

CGPA: 8.19

Excel Global School - Affiliated to Cambridge

2012 - 2022

Skills and Certifications

Technical Skills: Python, Pandas, C, Power BI, GitHub, APIs, Validation, Unit Testing, Debugging, Basic Figma

Soft Skills: Written and verbal communication, Time management, Adaptability, Attention to Detail, Leadership, Emotional Intelligence, Creativity

Certifications:

- [GitHub Foundations](#) - GitHub
- [Python for Data Science](#) - NPTEL
- [Introduction to Machine Learning](#) - NPTEL
- [Generative AI Fundamentals](#) - DataBricks
- [CS50P](#) - Harvard
- [AI-900](#) - Microsoft
- [MLSA Event Host](#) - Microsoft

Experience

Data Science Intern

Jun 2024 - Jul 2024

Bloom Info Systems, Chennai, Tamil Nadu

- Developed proficiency in Python, SQL, and machine learning algorithms to process and analyze datasets with over 10,000 data points.
- Created a comprehensive sales analytics dashboard in Power BI and Tableau, improving team insights by 50%. [GitHub Link](#).
- Integrated and visualized user data from a website into Excel, enhancing reporting efficiency by 25%.

Projects

- **Sentiscope - Sensitivity and Toxicity-Based Comment Classification:** Created a model analyzing over 5,000 comments for toxicity using Google's Perspective API and Text Blob with a 98% accuracy rate. [GitHub Link](#).
- **AI-Powered Healthcare and Emergency Response Assistant:** Developing a machine learning model to provide real-time diagnosis and emergency assistance, potentially impacting over 20,000 rural healthcare users. [GitHub Link](#).
- **AI Phishing, Smishing, and Pharming Detector:** Initiating an AI tool to detect phishing, smishing, and pharming attacks with an accuracy target of 95%, aimed at reducing fraud risks across 1,000+ users.

Achievements

- Won 2nd Prize in Technical Paper Presentation at SRM-VEC on comment classification, competing with 50+ other teams.
- Runner-up in ISP-38 Edition, showcasing marketing and communication skills.

Leadership

- Spearheaded 5+ advanced tech projects and effectively mentored over 300 students in video editing, UI/UX design, and Python programming, fostering a vibrant tech community as a leader in Microsoft Learn and IEEE Xtreme initiatives.

Extra-Curricular Activities

- **Microsoft Learn Student Ambassador and MLSA community at SJIT:** Coordinated the MLSA community at SJIT, assisting 100+ students with certifications and career skills.
- **Campus Ambassador for IEEE Xtreme 18.0 Coding competition:** Engaged over 50 students in coding challenges.
- **Internship Supervisor at SJIT:** Taught Python and other skills to students, fostering practical understanding for over 15 individuals.
- **Hackathon Participant at VIT:** Competed in a 24-hour hackathon, developing an AI-based phishing, smishing, and pharming detector, and redesigned the CNN News website.
